

# Swinley Forest Golf Club : 7 December 2010

Join us for a pre-Christmas golfing delight at Swinley Forest. Swinley Forest Golf Club is unique – there are no handicaps, there isn't even a club captain. It is all about the golf course, but what a course – arguably the finest example of heathland golf in England.

Harry Colt designed the layout and the course opened in 1909. Reputedly Colt's favourite and finest design, Swinley Forest has charm, ambience and it's unpretentious. The five par 3s are among the best you can play, while these are surrounded by a range of superb par 4s – in particular the long 6th, 9th, 12th and 15th. Opportunities to play Swinley Forest are few and far between, so don't miss your chance to play this exclusive course.
